

KUTOL AWARDED ISSA MANUFACTURER REPRESENTATIVES' DISTINGUISHED SERVICE AWARD

This award recognizes a person within the industry who has had a positive impact on the industry and the association, and who has been supportive of manufacturer representatives.

This year's award recipient is Joe Rhodenbaugh, President of Kutol Products Company, a leading manufacturer of hand hygiene solutions. The award was presented during 2011 ISSA INTERCLEAN by Chris DeBolt, President of The DeBolt Company on behalf of all independent manufacturer representatives.

A 30-year veteran of the cleaning industry, Rhodenbaugh holds several U.S. patents related to hand soap dispensers. Most recently under his leadership, Kutol earned Leadership in Energy and Environmental Design (LEED) Silver certification for its new manufacturing facility in Sharonville, Ohio.

Working with hundreds of manufacturer representatives over his career, Rhodenbaugh is a strong advocate for the use of manufacturer reps, appreciating and understanding the value this sales force brings to the cleaning industry.

Outside the industry, he serves as a chairperson of the Leadership Team at Armstrong Chapel United Methodist church in Cincinnati and is a proud alumnus of Miami University in Oxford, Ohio.
