

EZ Hand Hygiene
Wall mount dispensing system for EZ Foam and EZ Liquid hand cleaners

From the clean, contemporary lines of the dispenser, to the unique push pad placement and rich luxurious foam soap, EZ Hand Hygiene by Kutol is the "easy" solution for every hand soap need.

■ Unique "top dispensing" design with upper push pad: User can see soap being dispensed, preventing waste from overdensing

■ Upper valve placement means no risk of leaking at the valve

■ Secured keyed locking option (key included)

More Features and Benefits

- No metal parts or springs - ideal for wet or dry conditions
- Easy to install and maintain - saves time and labor
- Guaranteed leakproof
- Economical to use
- KIDS - "Key Illness Defense System"™ education support materials
