FEATURING  **Health Guard**® AND **Kutol Pro** REFILLS  
BY KUTOL

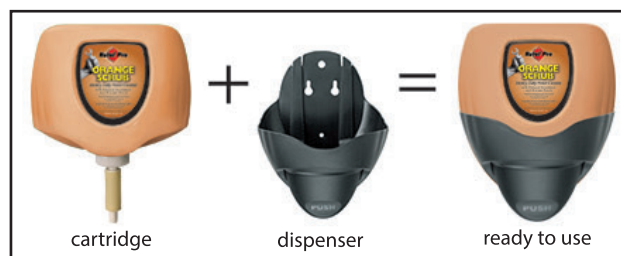

## Large Capacity Skin Care Made Easy

DuraView® by Kutol is the large capacity dispensing system that's first in it's class for appearance, security and performance. DuraView utilizes a replaceable, recyclable HDPE (high density polyethylene) cartridge and durable dispenser combination.

The soap product comes already locked inside the waterproof cartridge. Refilling is simple - just remove the old cartridge and insert a new one, lock it in place and you're ready to go!

In addition to being durable and great looking, the labeled cartridge creates the ultimate view window, eliminating all guesswork about product-type and soap level. DuraView is the easy, time-saving and product-saving solution to hand care maintenance.

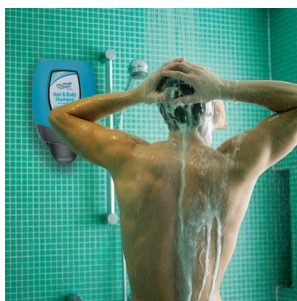

All 2 L and 4 L cartridges utilize the same durable dispenser for convenience and flexibility.

**DuraView – Perfect for every location!**

- One dispenser for both 2 L and 4 L
