

THE KUTOL DIFFERENCE

Kutol makes five promises to our stakeholders that set us apart from other manufacturers in the commercial skin care industry.

STABILITY

We possess 100+ years of trusted expertise in commercial skin care.

- ▶ Solely dedicated to skin care since 1912, ensuring strong specialization
- ▶ Facility is FDA registered and adheres to Current Good Manufacturing Practices (cGMP)
- ▶ Fourth generation ownership is engaged in day-to-day operations with a long-term vision for success

FLEXIBILITY

We offer fully tailored skin care solutions by being nimble and agile.

- ▶ End-to-end private label and contract manufacturing services, including design support and regulatory oversight
- ▶ Lowest private label minimums in the industry appeal to a wider range of customers
- ▶ Breadth of product line offers option to be single source or multi-category supplier

INNOVATION

We deliver intelligent, winning solutions that solve stakeholder challenges.

- ▶ Dispenser platforms that save time and money, with distinctive features that stand out in the market
- ▶ Ongoing product, formula and dispenser advancements to address evolving industry needs
- ▶ Investments in smart manufacturing, research and development, TeamMate cultivation and modernized equipment

VALUE

We maximize customer return on investment through consistent performance, reliable products and strategic sales and marketing collaboration.

- ▶ Competitive pricing enhances margins and gives customers a market advantage
- ▶ Upfront and long-term savings through excellent product performance and dispenser efficiencies
- ▶ Streamlined manufacturing and production processes optimize cost-effectiveness

SUSTAINABILITY

We are dedicated to responsible practices and mindful growth for a cleaner, healthier planet.

- ▶ Proud to offer Green Seal®, USDA BioPreferred® and ECOLOGO® certified products that prioritize human and environmental health
- ▶ Continuous investment in supporting and maintaining facility's LEED® Silver certification
- ▶ Eco-friendly practices incorporated across all activities: from product development and packaging, to manufacturing and shipping
