

FOOD PROCESSING AND FOOD SERVICE

HAND HYGIENE PROGRAM

KUTOL
Hand Care Specialists

Prioritize Hand Hygiene for Food Safety and Health

Clean hands are a fundamental part of maintaining food safety, preventing contamination, protecting public health and ensuring the smooth operation of food-related businesses.

Health Guard® hand care products reduce concerns around foodborne illness, address food safety guidelines and help facilities build a solid reputation for quality.

“Nine out of ten foodborne illness outbreaks in restaurants are caused by the spread of germs from the hands of foodservice employees to food.”

— Centers for Disease Control and Prevention

Preventing Foodborne Illness

Hands can carry harmful bacteria, viruses and pathogens that transfer to food, potentially causing a foodborne illness outbreak. Common contaminants like Salmonella, E. coli and Norovirus can spread easily through improper hand hygiene, causing serious health risks to customers and employees.

Using Health Guard NSF E-category soaps, sanitizers and washes can help reduce the spread of germs and cross-contamination.

- Ideal for food preparation, handling and processing environments, restaurants and grocery stores
- For use in USDA and federally inspected facilities to help meet guidelines
- Designed to enhance HACCP (Hazard Analysis and Critical Control Point) plans with easily identifiable, color-coded product ID labels

E1 Handwashing

- Removes fats, oils and other tough food soils
- Meets FDA color and residual odor limits

E4 Hand Cleaning

- Removes medium soils
- Kills common germs that cause illness
- Must be rinsed off

Use in non-food areas only
Restrooms • Locker rooms • Handwashing stations outside of food area

Product commonly used:

- ▶ Foaming Antibacterial Hand Soap

WALL MOUNT SOAP AND SANITIZER DISPENSERS

Designer Series Dispensers

With top dispensing technology, leaks are eliminated — no messy drips that accumulate on the floor and cause slip hazards and no unsightly product puddles on sinktops.

- Made of durable ABS plastic
- Large product view window
- Sealed, sanitary refill bags eliminate contamination

No Touch / No Touch M-Fit

Manual

DuraView Dispensers

For large capacity

- 2 liter recyclable refill cartridges
- Easy refill: lift empty cartridge out, slide/lock in new refill
- Completely waterproof

Dispenser Labels

Color-coded category labels are available (no charge) to place on dispensers.

Product Labels

To help employees and inspectors easily identify products in each dispenser.

Portable Hand Hygiene Stations

Make it easy and convenient to protect guests from germs! Floor and counter top stands become hand hygiene stations by adding a no touch dispenser and hand sanitizer. Ideal for entrances, hallways and dining areas.
