

DuoClean

QUALITY SKIN CARE

FOAM & LIQUID DISPENSING SYSTEM

Choose Foam or Liquid

The new DuoClean dispenser (formerly the FoamClean System) now accepts four liquid soap refills in addition to foam. FoamClean brand foaming soaps and CleanTouch brand liquid soaps fit the DuoClean system. Added versatility for added value - use one dispenser for both Foam and Liquid! Dispenses 0.75 mL of foam soap or 1.5 mL of liquid soap.

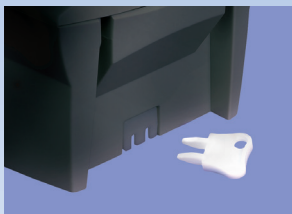

Large View Window The large view window makes it simple to monitor the soap level.

Upper Push-Pad Placement DuoClean features a large, easy-to-push pad located at the top rather than the bottom of the dispenser. The push pad placement lets users see the amount of product being dispensed into their hand, thus reducing waste caused by over-dispensing.

Dynamic Design Smooth contemporary lines, textured non-glaring surface, durable ABS plastic, optimum color choices, and a "footprint" that is similar to most Bag-In-Box dispensers combine to make DuoClean the ideal choice. Choose from versatile dove gray or black.

ADA Push Compliant DuoClean is ADA compliant, requiring one hand and less than 5 lbs. of pressure to dispense product.

Green Seal™ Certified Lotion Skin Cleansers 5 FoamClean Lotion Skin Cleanser formulations that meet the GS-41 standard.

Keyed Locking Option

For added security, dispensers feature a keyed locking option. They can be converted from non-locking to locking and back.

Guaranteed Leakproof

By placing the dispenser pump at the top of the dispenser rather than the bottom, the risk of leaking at the valve is eliminated.

Multi-Lingual Packaging

Each bag is labeled in English, French and Spanish.

FoamClean (foaming products)

CleanTouch (liquid products)
