Health Guard® BY KUTOL

Manual to No Touch Dispenser
Conversion Kits

Easily convert a Designer Series Manual Dispenser to a No Touch while still on the wall!

- Kit includes front plate, battery pack and electronic module
- No special tools needed
- Quick, cost effective no touch dispenser option
- Uses the same Health Guard soap and sanitizer refills - no additional inventory required

Conversion Kit

Front Plate - choice of 4 colors + *Battery Pack w/4 C batteries* + *Electronic Module*

Conversion kits come in four colors and should be ordered to match the color of the dispenser being converted.

Black 99BK31H | Gray 99GR32H | White/Gray 99WH32H | All White 99WH33H

In three simple steps, convert a Designer Series Manual Dispenser to a No Touch Dispenser:

1. Remove manual front cover
2. Insert electronic module and battery pack
3. Install no touch front cover
